Significant changes in state of affairs

There were no significant changes in the state of affairs of the Fund.

Matters subsequent to the end of the half-year

No matter or circumstance has arisen since 31 December 2023 that has significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial years, or
- (ii) the results of those operations in future financial years, or
- (iii) the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the Product Disclosure Statement and the provisions of the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further information on likely developments in the operations of the Fund and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Fund.

Directors' report (continued)

Indemnity and insurance of officers and auditors

No insurance premiums are paid for out of the assets of the Fund in regards to insurance cover provided to either the Officers of K2 Asset Management Ltd or the auditors of the Fund. So long as the Officers of K2 Asset Management Ltd act in accordance with the Fund's Constitution and the Law, the Officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund. The auditors of the Fund are in no way indemnified out of the assets of the Fund.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

The Fund is an entity of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 issued by the Australian Securities and Investments Commission (ASIC) relating to the "rounding off" of amounts in the Directors' report and financial report. Amounts in the Directors' report and condensed interim financial report have been rounded to the nearest thousand dollars in accordance with that ASIC Corporations Instrument, unless otherwise indicated.

Lead auditor's independence declaration

A copy of the lead auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5 and forms part of the Directors' report.

This report is made in accordance with a resolution of the Directors of K2 Asset Management Ltd.

1 General Information

This condensed interim report covers the K2 Australian Small Cap Fund (the “Fund”) as an individual entity which is a registered managed investment scheme under the *Corporations Act 2001* and was admitted to trading status on the ASX under the AQUA Rules on 15 December 2015 (ASX code: KSM). The Fund was registered with the Australian Securities and Investments Commission (ASIC) as a registered managed investment scheme on 11 November 2013 and began operations on 2 December 2013. The Fund will terminate on 12 November 2093 unless terminated earlier in accordance with the provisions of the Fund’s Constitution.

The Responsible Entity of the Fund is K2 Asset Management Ltd (the “Responsible Entity”). The Responsible Entity’s registered office is Level 44, 101 Collins Street, Melbourne, VIC 3000. The interim financial statements are presented in Australian dollars.

2 Basis of preparation of interim financial statements

The condensed interim financial report for the half-year ended 31 December 2023 has been prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

This condensed interim report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2023, any public announcements made in respect of K2 Australian Small Cap Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001* and the current Product Disclosure Statement.

This condensed interim report was authorised for issue by the Directors on 26 February 2024.

(a) Material accounting policies

Except as disclosed in the financial report for the year ended 30 June 2023, there were no new accounting standards, amendments and interpretations that are expected to have a material impact on the financial statements.

The material accounting and risk management policies and practices adopted in the preparation of the financial statements are consistent with those followed in the preparation of the Fund’s financial statements for the year ended 30 June 2023.

3 Fair value measurement

The Fund measures and recognises the following financial assets and liabilities at fair value.

- Financial assets at fair value through profit or loss (see Note 4)

AASB 13 requires disclosure of fair value measurements by level of the following fair value hierarchy:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

3 Fair value measurement (continued)

(i) *Fair value in an active market (Level 1)*

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the annual report for the year ended 30 June 2023. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets and financial liabilities is the last traded price. When the Fund holds derivatives with offsetting market risks, it uses last traded prices as a basis for establishing fair values for the offsetting risk positions and applies this last traded price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

(ii) *Fair value in an inactive or unquoted market (Level 2 and Level 3)*

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the reporting date. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the reporting date taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date. The fair value of an option contract is determined by applying the Black Scholes option valuation model.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

Recognised fair value measurements

The following tables present the Fund's assets and liabilities measured and recognised at fair value as at 31 December 2023 and 30 June 2023.

As at 31 December 2023	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss				
Listed equity securities	8,946	-	39	8,985
Listed unit trusts	853	-	-	853
Total	9,799	-	39	9,838

3 Fair value measurement (continued)

Recognised fair value measurements (continued)

As at 30 June 2023	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss				
Listed equity securities	7,322	-	39	7,361
Listed unit trusts	<u>614</u>	<u>-</u>	<u>-</u>	<u>614</u>
Total	<u>7,936</u>	<u>-</u>	<u>39</u>	<u>7,975</u>

(i) Transfers between levels

There were no transfers between levels in the fair value hierarchy for the half-year ended 31 December 2023 and year ended 30 June 2023. There were also no changes made to any of the valuation techniques applied as of 30 June 2023.

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(ii) Fair value measurements using unobservable inputs (Level 3)

The following table presents the movement in level 3 instruments for the half-year ended 31 December 2023:

As at 31 December 2023	Equity securities \$'000
Opening balance	39
Purchases	-
Sales	-
Gains/(losses) recognised in profit and loss	<u>-</u>
Closing balance	<u>39</u>
Unrealised gains and losses included in the Statement of comprehensive income for financial assets and liabilities at the end of the half-year	<u>-</u>

The following table presents the movement in level 3 instruments for the year ended 30 June 2023:

As at 30 June 2023	Equity securities \$'000

Closing balance	<u>39</u>
Unrealised gains and losses included in the Statement of comprehensive income for financial assets and liabilities at the end of the year	<u>-</u>

3 Fair value measurement (continued)

Recognised fair value measurements (continued)

(iii) Quantitative information of unobservable inputs - Level 3

Although the Responsible Entity of the Fund believes that the estimates of fair value are appropriate, the use of different methodologies or assumptions could lead to different measurements of fair value. For fair value measurements in Level 3, changing one or more of the assumptions used as reasonably possible alternatives by 10% upwards (favourable) or downwards (unfavourable) would impact the statement of comprehensive income.

The table below details the sensitivity analysis and the quantitative information about the unobservable inputs used in Level 3 fair value measurements:

Description	Fair value \$'000	Valuation techniques	Unobservable inputs	Favourable* \$'000
As at 31 December 2023				
Equity Securities	39	Latest available trade price on stock exchange	Valuation of the underlying assets of the company	4
Total fair value measurements in level 3	39			4

Description	Fair value \$'000	Valuation techniques	Unobservable inputs	Favourable* \$'000
As at 30 June 2023				
Equity Securities	39	Latest available trade price on stock exchange	Valuation of the underlying assets of the company	4
Total fair value measurements in level 3	39			4

* A decrease (unfavourable) will have an equal and opposite impact on the statement of comprehensive income from operating activities and Net assets attributable to unitholders.

There were no inter-relationships between unobservable inputs that materially affect fair values.

(iv) Valuation processes

Portfolio reviews are undertaken regularly by management to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which possibly could be regarded as being Level 3 securities.

Further analysis, should it be required, is undertaken to determine the accounting significance of the identification. For certain security types, in selecting the most appropriate valuation model, management performs back testing and considers actual market transactions. Changes in allocation to or from Level 3 are analysed at the end of each reporting period.

(v) Financial instruments not measured at fair value

Financial instruments not measured at fair value through profit or loss include cash and cash equivalents, receivables, due from brokers, bank overdrafts, performance fee, distribution and other payables and due to brokers. These are short term financial assets and financial liabilities whose carrying amounts approximate fair value, because of their short-term nature and the high credit quality of counterparties.

4 Financial assets at fair value through profit or loss

	As at	
	31 December 2023	30 June 2023
	\$'000	\$'000
Financial assets at fair value through profit or loss		
Australian listed equity securities	8,371	6,734
New Zealand listed equity securities	614	627
Listed real estate investment trusts	<u>853</u>	<u>614</u>
Total financial assets at fair value through profit or loss	<u>9,838</u>	<u>7,975</u>

5 Net assets attributable to unitholders

Movements in the number of units and net assets attributable to unitholders during the half-year were as follows:

	Half-year ended			
	31 December 2023	31 December 2022	31 December 2023	31 December 2022
	No. '000	No. '000	\$'000	\$'000
Net assets attributable to unitholders				
Opening balance	3,816	4,673	8,146	10,252
Applications	1,260	2	2,741	6
Redemptions	(600)	(451)	(1,319)	(1,027)
Units issued upon reinvestment of distributions	15	-	32	-
Profit for the half-year	-	-	<u>629</u>	<u>149</u>
Closing balance	<u>4,491</u>	<u>4,224</u>	<u>10,229</u>	<u>9,380</u>

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

On the Statement of interim cash flows, proceeds from applications by unitholders incorporate application funding received from unit holders and also the value of units issued upon reinvestment of distributions, while distribution paid includes the cash distribution portion only.

Capital risk management

The Fund considers its capital to be unitholders' funds. The Investment Manager manages its net assets attributable to unitholders as capital. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

The Fund monitors the level of daily applications and redemptions relative to the liquid assets in the Fund. The Fund strives to invest in securities that meet the Fund's investment objectives while maintaining sufficient liquidity to meet unitholders' redemptions.

8 Events occurring after the reporting period

No significant events have occurred since the end of the reporting period and up to the date of this report which would impact on the financial position of the Fund as disclosed in the statement of condensed interim financial position as at 31 December 2023 or on the results and cash flows of the Fund for the half-year ended on that date.

9 Contingent assets and liabilities and commitments

There are no outstanding contingent assets, liabilities or commitments as at 31 December 2023 and 30 June 2023.

Directors' declaration

In the opinion of the Directors of the Responsible Entity:

- (a) The interim financial statements and notes set out on pages 6 to 17 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Australian Accounting Standards (including the Australian Accounting Interpretations), the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Fund's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) the interim financial statements also comply with International Financial Reporting Standards as disclosed in Note 2; and
- (c) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Directors of K2 Asset Management Ltd.

Independent Auditor's Review Report

To the unitholders of K2 Australian Small Cap Fund

Conclusion

We have reviewed the accompanying **Interim Financial Report** of K2 Australian Small Cap Fund (the Scheme).

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Condensed Interim Financial Report of K2 Australian Small Cap Fund does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Scheme's financial position as at 31 December 2023 and of its performance for the Half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Interim Financial Report** comprises:

- Condensed statement of financial position as at 31 December 2023.
- Condensed statement of comprehensive income for Half-year ended on that date;
- Condensed statement of changes in equity and statement of cash flows for the Half-year ended on that date;
- Notes 1 to 9 including selected explanatory notes; and
- The Directors' Declaration.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Interim Financial Report

The Directors of the K2 Asset Management Limited (the Responsible Entity) are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Scheme's financial position as at 31 December 2023 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an Interim Period Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
