Why you need to complete this form

The Foreign Account Tax Compliance Act (**FATCA**) and Common Reporting Standard (**CRS**) are regulatory requirements that aim to deter tax evasion by US and other foreign taxpayers. The Australian and many other foreign Governments (through their tax offices) have an agreement which means we must ask you, and you must answer, these questions. Information we gather is reported to the Australian Taxation Office (**ATO**) and in turn to global tax authorities. For more information, visit ato.gov.au.

If you are unsure of any of the answers, please contact a legal or accounting professional.

Which sections of the form should you complete?

- Superannuation funds, testamentary trusts, registered charities Section 1
- Individuals Section 2
- Companies and other trusts Section 3

What if more than one person is applying?

Each individual investor will need to complete a copy of this form.

HELP

Tell me about tax residence

You can be a resident of more than one country for tax purposes. Whether you are tax resident of a particular country for tax purposes is often based on the amount of time you spend in a country and the location of your residence and/or place of work. If you pay tax or have a tax liability somewhere, you are probably a tax resident there. Dual citizenship often brings dual tax residency. It depends on the country. For the US, tax residency can be as a result of citizenship or residency for tax purposes.

If you're unsure, ask someone who knows, usually your accountant.

8. Are you 'active' or 'passive'?	
	HELP What is 'active' and 'passive'?
I am an 'active' non financial entity ▶ go to Section 4 Signatures	If you are answering this question, then relevant tax laws

- If you are answering this question, then relevant tax laws categorise you as a 'non-financial entity'.
- We require less information from active non-financial entities, and more information from passive non-financial entities.
- Please tell us if you are active or passive.
- You are active if you are not passive.
- Passive: because our income and assets are mostly passive. During the previous financial year, 50% or more of our gross income was passive income and 50% or more of our assets during that financial year were assets that produced or were held for the production of passive income. Passive assets are assets such as equities and debt securities that produce investment income such as dividends, interests, royalties and annuities.
- Passive: because we are not really a business. We are established and operated exclusively for: religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; as a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league; or as an organisation operated exclusively for the promotion of social welfare.
- Passive: because we are exempt from Australian income tax.
- Other categories of passive? They exist but are less common. Get advice if you are unsure.

I am a 'passive' non financial entity ▶ go to question 9

9. Do you have any 'controlling persons' who are resident of another country for tax purposes? I am passive, and YES I do have controlling persons who are resident of another country for tax purposes Complete the controlling persons details in the table below ▶ then go to Section 4 Signatures. If there is not enough room in the table, please copy the page and attach it to your completed form. I am passive, but NO I do not have controlling persons who are resident of another country for tax purposes	HELP Controlling persons Controlling persons are the natural persons who: are residents of another country for tax purposes, and exercise practical control over you. When thinking about control, start by thinking about the people who have ownership interests: if you are a company, think first about shareholders if you are a discretionary trust, list the beneficiaries who were paid a distribution this financial year if you are trustee of a deceased estate, the executor is usually the person in control if you are another type of trust (perhaps a unitised investment trust), think first about the unit holders or beneficiaries, and also consider the role of any 'settlor'.
It would be unusual to think of no-one. Please read the HELP box. If you're sure ▶ go to Section 4 Signatures .	 For companies, use 25% as a touchstone – if a person holds 25% of more of the issued capital or voting rights, best to list them. For trusts (other than discretionary trusts), law requires that you list all beneficiaries, and also requires that you drill down through the chain of control or ownership to find the natural persons that ultimately control the trust. Where no natural persons exercise control through ownership, consider who might exercise control through other means – directors and perhaps senior managing officials.
